

# Pebble Lady Bird

## You will need:

- A smooth pebble/stone
- Red paint
- Paintbrush
- Glue
- 2 pipe cleaners
- Googly eyes
- Permanent marker
- Scissors

## Directions:

### Step 1.

Paint your pebble or stone in red all over! Let it dry before continuing with the next steps.

### Step 2.

Use a black permanent marker to colour in a head for the lady bird and some spots on its back. Draw a line down the middle of its back to show the separate wings.

### Step 3.

Stick some googly eyes on to your lady birds' head so it can see.

### Step 4.

Cut your pipe cleaners into 3 parts, stick 3 pipe cleaner pieces onto each side for your lady birds' legs.

Now you have your very own Lady Bird – just like the story!

Hopefully yours isn't a bad-tempered lady bird though...
